Hinples, Pustales, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Aver & Co. Gents: I feel it my duty to acknowledge what your Parsaparilla has done for me. Having unfertied a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleurs on my hands and array; sometimes it turned inward and distressed me at the atomach. Two years agod broke out on fly head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several playsicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Saraparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatians got it, and used it till it cured ms. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to ferm under the scob, whis. after a while fall off. My skin is now clear, and I know by my iselings that the discass has gone from my system. You an well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

I have cured with it, in my practice, most of the couplaints for which it is recommended, and have found its shocts truly wonderful in the cure of Venercal and Mermirial Disease. One of my patients had Syphillite ulcers in his throat, which were consuming his palate and this top of his mouth. Your Earsaparilla, steedily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it violed to my administration of your Sarsaparilla; the disorder would soon reach fils brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day site authered extructating pain in her joints and bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. the Bones. Dyspepsia, Heart Disease, Fits, E sy, Melancholy, Neuralgia

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes desorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral,

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth, few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the suddle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
